

## DESCRIPTION

**Mains Voltage (240v ) must only be installed by a licensed electrician and meet all local regulatory requirements. Ensure mains voltage is switched off.**

A. Position Orb Mirror Wall Light in desired location, mark cable entry and fixing positions. Connect fitting to mains power and fix to wall with suitable fixings.

B. Place Artisan Glass onto Orb Mirror Wall Light, secure using washer from Orb Artisan kit and threaded mount washer.

C. Install G9 lamp and place washer from Orb Mirror Wall Light kit onto threaded mount washer. Install Orb Glass.
